❖ For ambitious business owners

Growing a Business with Franchising and Licensing

❖ Franchising and licensing can be a very successful way of growing and improving a business.

Dr Callum Floyd of Franchise Consultants will provide insight into how businesses from an ever increasing number of industry sectors are realising the opportunities and advantages a well-structured and managed franchising/licensing system can provide.

This webinar provides ambitious business owners with valuable insights into franchising and licensing, including why companies franchise/license, different structures, the process of franchising/licensing, available specialist advice, key success factors, and more.

Westpac National Manager Franchise, Daniel Cloete, will also talk on banking requirements and opportunities for new franchisors/licensors.
